

# Developer gives back to good causes

WHETHER it's helping kids in foster care, fighting crime with lawn bowls or even landing a fish, Caloundra developer Pelican Waters has proudly rallied behind a range of community causes this month.

Pelican Waters contributed more than \$1000 to the Caloundra Crime Stoppers Bowls Day at Pelican Waters Bowls Club on February 16, renewed sponsorship of the Pelican Waters Tavern Fishing Club and became event partner for the Long Road to help kids in need.

Henzells and Pelican Waters director Garry Waters said the sponsorships were the latest in a long line of contributions the business had made to worthy

community causes over the past 25-plus years.

“Since Pelican Waters’ inception we have believed in making a meaningful contribution to the community by supporting local charities, clubs and causes,” Mr Waters said.

“We have committed thousands over the years to Caloundra Swimming Club, Night Eyes water protection volunteers and many others through Henzells Caloundra RSL Foundation such as Rosies Caloundra, Ma and Pa Bendall surf contest, Riding for the Disabled, surf clubs and the AFL Club.”

The Long Road 10km charity walk will be held on March 23.

It aims to raise funds for children living in foster care.
