## Another magic year flies by

Hello, it's the Pelican here, wishing you and your brood all the best for Christmas and the New Year.

It's hard to believe 2014 has almost flown the coop already. That year disappeared faster than my old mate the Peregrine Falcon after spotting some unfortunate prey!

As quickly as it went, it was a successful and highly enjoyable year here at Pelican Waters and we are looking forward to getting 2015 off to a flying start.

Christmas at Pelican Waters is always a magic experience. Summer sports on the TV, cold drinks in the fridge, afternoon swims, picnics in the park, great times with friends and family and goodwill to all.

Families are getting out more than ever to enjoy Pelican Waters' famous waterways, whether kayaking, boating or fishing for popular summer species such as bream, flathead and whiting, which I love to see (as long as they leave me some!)

If you're fishing around for something else to do this festive season, there's plenty on offer around the Pelican Waters community.
